O NAMA

FEAL već više od 50 godina uspješno razvija i proizvodi aluminijske sisteme namijenjene suvremenom graditeljstvu i industriji. Kroz dugogodišnje iskustvo, kontinuirani razvoj i praćenje tržišnih trendova, FEAL je izgradio prepoznatljiv identitet pouzdanog partnera u realizaciji različitih arhitektonskih i tehničkih projekata. Poseban naglasak stavlja se na inovacije, visoke standarde proizvodnje te dugoročnu suradnju s partnerima, projektantima i investitorima.

FEAL aluminijski profili i sistemi dizajnom se prilagođavaju specifičnim zahtjevima klijenta, bilo da je riječ o arhitektonskim ili industrijskim projektima. Od prvotne ideje pa sve do finalnog proizvoda, pružamo podršku koja zadovoljava najviše standarde kvalitete i estetike.

ABOUT US

FEAL has been successfully developing and manufacturing aluminium systems for modern construction and industry for more than 50 years. Through decades of experience, continuous development, and close monitoring of market trends, FEAL has built a recognizable identity as a reliable partner in the realization of various architectural and technical projects. Special emphasis is placed on innovation, high production standards, and long-term cooperation with partners, architects, and investors.

FEAL aluminium profiles and systems are designed to adapt to the specific requirements of each client, whether for architectural or industrial projects. From the initial idea to the final product, we provide support that meets the highest standards of quality and aesthetics.
